BOWEN FAMILY

3

From "Ontario Historical Society Papers & Records", Vol. 1, 1899.
- continued.

p. 107 Baptisms in Richmond by Rev. Rob't McDowall.

Luke, son of William Bowen & Mary Davis, born January 18, 1803.

John Unger, son of William E. Bowen & Mary Davis, born October 2, 1810.

From "Buell (A.N.) Papers."

1863 Letter, Wm. Bowen, Brock, to A. N. Buell, re case of Eliza Bowen vs Wm. Bowen, pointing out to the Court, by quotations from the Scriptures, a wife's duty to her husband. September 1, 1863.
Same to same, protesting the advertising of his place for sale, the conduct of his wife, the judgment of the Court, etc. & asks his advice. December 28, 1863.

From "Russell Papers."

1805 Letter, Thos. Markland, Kingston, to Peter Russell, re forwarding some fees of Victor Bowen. October 4, 1805.

From "French (F.J.) Papers" - ~~Green~~ville Historical Society.

Uriah Bowen was the first settler of the Bowens and he came to Matilda. A. S. can just remember.

Peter Bowen - born in Matilda, but his father came from England. A. S. was born in 1830, March 4, in Matilda. Mrs. Peter Bowen was a Carman, sister of Martin Carman, the father of Mrs. Rubion. Mattice was Mrs. Rubion's mother's name. George Carman is Philip's son & Philip & Daniel were brothers, etc.

1. The first part of the paper is devoted to a general discussion of the problem.

2. In the second part, we consider the case of a single particle. We show that the results obtained in the first part are in agreement with the experimental data.

3. In the third part, we consider the case of a system of particles. We show that the results obtained in the first part are in agreement with the experimental data.

4. In the fourth part, we consider the case of a system of particles. We show that the results obtained in the first part are in agreement with the experimental data.

5. In the fifth part, we consider the case of a system of particles. We show that the results obtained in the first part are in agreement with the experimental data.

6. In the sixth part, we consider the case of a system of particles. We show that the results obtained in the first part are in agreement with the experimental data.

7. In the seventh part, we consider the case of a system of particles. We show that the results obtained in the first part are in agreement with the experimental data.

8. In the eighth part, we consider the case of a system of particles. We show that the results obtained in the first part are in agreement with the experimental data.

9. In the ninth part, we consider the case of a system of particles. We show that the results obtained in the first part are in agreement with the experimental data.

1. The first of these is the fact that the number of species of plants and animals which are found in the same place at the same time is very small. This is true of all parts of the world, and is especially true of the tropics. The reason for this is that the number of species of plants and animals which are found in the same place at the same time is very small. This is true of all parts of the world, and is especially true of the tropics.
2. The second of these is the fact that the number of species of plants and animals which are found in the same place at the same time is very small. This is true of all parts of the world, and is especially true of the tropics.
3. The third of these is the fact that the number of species of plants and animals which are found in the same place at the same time is very small. This is true of all parts of the world, and is especially true of the tropics.
4. The fourth of these is the fact that the number of species of plants and animals which are found in the same place at the same time is very small. This is true of all parts of the world, and is especially true of the tropics.
5. The fifth of these is the fact that the number of species of plants and animals which are found in the same place at the same time is very small. This is true of all parts of the world, and is especially true of the tropics.
6. The sixth of these is the fact that the number of species of plants and animals which are found in the same place at the same time is very small. This is true of all parts of the world, and is especially true of the tropics.
7. The seventh of these is the fact that the number of species of plants and animals which are found in the same place at the same time is very small. This is true of all parts of the world, and is especially true of the tropics.
8. The eighth of these is the fact that the number of species of plants and animals which are found in the same place at the same time is very small. This is true of all parts of the world, and is especially true of the tropics.
9. The ninth of these is the fact that the number of species of plants and animals which are found in the same place at the same time is very small. This is true of all parts of the world, and is especially true of the tropics.
10. The tenth of these is the fact that the number of species of plants and animals which are found in the same place at the same time is very small. This is true of all parts of the world, and is especially true of the tropics.

Minutes of Commissioners for Conspiracies in New York State, Albany Co. 1778-81

Feb. 7, 1781

The said Albert Van Der Werken also says that a certain Peter Boon of Tryon County is able to give some very material Information respecting sundry disaffected Persons of that Place resolved that the said Peter Boon be ordered immediately to attend this Board in order that he may be examined as to the same.

July 14, 1778

William Bowen who was some time since apprehended was liberated upon his entering into Bond with a sufficient Surety in the sum of Five hundred Pounds for his Appearance when called for and Not to exceed the limits of the Township of Schenectady —

Handwritten text, likely bleed-through from the reverse side of the page. The text is extremely faint and illegible due to the quality of the scan. It appears to be organized into several paragraphs or sections, with some lines possibly being bulleted or indented. The handwriting is cursive and typical of the late 19th or early 20th century.

Conspiracies cont'd.

Bowen

July 28, 1780

It being the Opinion of this Board that the imprisonment of Peter Ten Broeck and William Bowen Prisoners of war (who have been heretofore released from confinement by a former Board of Commissioners for Conspiracies) will tend to expedite their Exchange therefore resolved that an Order be made out & sent to them to appear before us on Monday the 7th day of August next —

Aug. 19, 1780

Resolved that a letter be wrote to Hugh Mitchell Esq^r one of the Commissioners for Conspiracies at Schenectady requesting him to send down to this Board William Bowen a Prisoner of war in order to his being sent down to the Commissary of state Prisoners for the purpose of an Exchange

Aug 28, 1780

William Bowen a prisoner of war on Parole having been cited to appear before the Board appeared this day according to order

Resolved that he enter into Parole to proceed to Fishkill and by the fourth day of September next: there deliver himself up as a prisoner of war to Philip Pell Esq^r Commissary of state Prisoners which Parole is in the following words (to wit) (see Parole on file)

DEPUTY MINISTERS OFFICE

PUBLIC ARCHIVES
OF CANADA

Ottawa 2, Ontario,
February 12, 1959.

H.C. Burleigh, M.D.,
BATH,
Ontario.

Dear Sir:

In reply to your inquiry of the 9th of February please find herewith extracts from the census returns of the township of Richmond, in the county of Lennox, Ontario, for the years 1851 and 1861, showing the vital statistics of the Conger families enumerated therein.

I wish also to advise you that John Sills' wife was Isabella, daughter of William Bell, U.E.L., who also married later on Martin Hough, of Fredericksburgh, and that Victor Bowen's wife was Mary, daughter of John Signs.

I regret to state that the applications for land of William Williams and John Schermerhorn (1797) are not on file.

Yours sincerely,

W. Kaye Lamb
for W. Kaye Lamb,
Dominion Archivist.

DEPARTMENT OF PUBLIC RECORDS
AND ARCHIVES
TORONTO

July 24, 1942.

Mrs. John Lowry,
Bath, Ont.

Dear Madam:

We have received your letter of the 20th inst., requesting the list of Bowens from "the Index of Children of the U. E. Loyalists". I presume you refer to some data collected by a former member of the Archives staff concerning some U. E. families. This information is not in the Archives at present nor is it in Toronto. However, I wrote for the items on the Bowen family and have just received them to-day. They are herewith enclosed, along with some other "Bowen" notes we found which may be of interest to you.

There is no fee for this service.

We only hope some of it may be useful.

Yours very truly,

A. McChung

Ogden Utah
Jan. 9-42

Dear Sir:- I am glad to get
your letter today from Hartford Times
I'll say I'll cooperate with you in
your book and mine too as we sure
can help each other.

I have been gathering genealogy on
the Bowen line for some years and
have now about 9000 families some
are yet incomplete as times queries
indicate.

I have the largest and I believe the
most complete collection as several
hundred books I read and hundreds
of private letters so I think I can
help you out and there will be
no charge for any thing I can
do for you. I shall be pleased
to receive any and all Bowen
data you can send me and here
is a couple of family group sheets
you can put your collection on if
you wish to as I have found these
sheets efficient and simple to
follow. Hubert Bowen 1063-28th street
(over)

Ogden Utah 11

If you have any Earls. or Harringtons
or Hawleys - please send them too
I may help you there also

M. H. C. Burleigh
Ontario Can

Golden State
Jan - 19 - 42

Dear Sir: - I got your very fine letter today and tickled to get it and so far have been encouraged. So I'll say.

I have lady in N. Jersey who has been very fine in helping me with my Bowen records. Here is one find - on Daniel & W - 3 - Prob Mary ^{no} Proof - you can see my deductions yellow sheet

I also have a Mrs Linsley in Ontario near writing me and helping with the John Bowen & Catherine French descendants to Can 1790-1810 from Richmond N. H. I have a very fine record of these times they went to Quebec month.

I received the names and addresses of about 25 Bowens in Ontario last week and now ask them for their genealogy so send me all Bowen entries possible, all cross reference them and send you all I get, free too.

Please if possible send wills, probates of Bowens and I see you already know mgs. & burials usually give clues.

I have several Abraham Bowen family's but none with wife Betsey unless he was one in Dorset 1810 census - 2 girls & 2 boys - 2 girl B. 1884 - to 1810 - boys also.

I won't say any more about Hawleys & Etc. if they are that thick we will have to wait till the resurrection to place them all over 12

I have 3 familys of Henry Bowen of which
either could of been the Henry of Richmond Tushp.
a loyalist of N.Y. Provisioned 1786- one from
new jersey 2. from Canghnawaga Montgomery
co. N.Y. I will watch for more
data on them and tell you later.

Thanks a million for you help

Yours Hubert Bowen
